SLA Annual Reports for 2011-2012 are due by June 1, 2012.

All academic departments and programs transmit their SLA Annual Reports through the website. Online reporting makes it easier to collect, share, manage, and archive information about SLA activities within and among academic departments and programs. We appreciate your cooperation and continuing SLA efforts!

Le Moyne College faculty and staff with valid logins may view all reports for the current year and all previous years (as the archive builds). Keep this in mind as you prepare your report and please **do not include information that would identify any individual student**.

To submit your annual report for 2011-2012:

Go to www.lemoyne.edu/sla. This is the "SLA Annual Reporting" page.

When you access the site for the first time to enter your information, you need to create an account. Click on the "Register" link and create a user name and password for the site. Contact Michelle Tarby with any problems setting up an account (tarbymm@lemoyne.edu).

Along the right-hand side are links to *Enter SLA Data* or *View Historical Data* and email links for the Assistant to the Provost for Student Learning Assessment (Dixie Blackley) and for the webmaster (Michelle Tarby).
