

FIRE SAFETY NOTIFICATION

TO: Students residing in College-owned or operated Housing Facilities

FROM: Office of Student Development

RE: Kerry Rose Sprinkler Notification Act of 2013

The Kerry Rose Fire Sprinkler Notification Act of 2013 requires the College to provide a written fire safety notification to each student living in a college-owned or operated housing facility, both on and off campus. The notification consists of a description of the fire safety system for the student's housing facility, including whether or not the housing facility is equipped with a fire sprinkler system. The notification also includes information on how to access the College's campus fire safety report required by federal law.

In accordance with the Kerry Rose Fire Sprinkler Notification Act, this written notification is being provided to you as you receive the key to your assigned room. Please review the chart below to better familiarize yourself with the fire safety features present in your residential facility.
