**SPECIAL INVITATION TO OUR 2018 SENIORS!**

Our STEP staff has prepared a special celebration for our seniors (only) at Romero Hall  
Monday, June 18 at 3pm.

**Saturday STEM Academy**

Our last speaker for our Saturday Clinic was Anne Kearney, Dean of Student Development. She shared an activity called Tree of Life where students created a tree that signified gratitude, goals and more. Thank you!

**Trip to Boston**

Students went to Boston the last weekend of May. They were able to learn more about the graduate programs at Harvard and MIT. They also visited the New England Aquarium, the USS Constitution Museum, the Quincy Market and went on a Duck Boat Tour! How fun!

**Science Laboratory at Nottingham and Henninger**

Research on Seneca Lake

The month of May was filled with science lab preparation for the Research on Seneca, a hands-on research field trip to gather important data on the Seneca Lake ecosystems. This amazing partnership with Hobart and William Smith Colleges allows our students to cruise on Seneca Lake while collecting data on oxygen, chloride, pH, plankton and sediment analysis for subsequent analysis by HWS faculty!
