Students attend Saturday Institute in Mitchell Hall at Le Moyne College

## Learning Together, Growing Stronger

From September to December 2025 Le Moyne STEP hosted 10 *Saturday Institutes* and visited 4 colleges. We grew from 18 students at Saturday Institute to 35 by the end of the year! Your dedication to academic growth, skill building, and career exploration is admirable. Since September we have had 100 instances of tutoring and homework help.

20 students completed a 4-week STEP-Up Your Skills Series focused on writing and public speaking. So far this year Le Moyne STEP has supported 57 *unique students from 6 high schools and 5 middle schools in SCSD*. The STEP Team is proud of our students' achievements and we are looking forward to continuing our work together next year.

### Message from the Director

I'm proud of your efforts in tackling difficult subjects and supporting one another. In the new year, let's focus on goal setting and let's lock-in to achieve them. Keep pushing; you can do it!
